To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and is on that account, if no other, the best medium for advertising.

Local Items.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

BUTTER MARKET.—Tuesday, Dec. 15.—The prices of butter to-day have ranged from 35 to 41 cents per pound. Extra lots have sold for two and three cents more. The amount shipped was 600 tubs.

FAIR AND FESTIVAL.—On Monday evening, of next week, the ladies of the Congregational Church and Society, will hold a Fair and Festival in the basement rooms of the Church, and we doubt not it will be a very pleasant occasion. An advertisement in another column tells our readers what the ladies will offer for sale. Now you men of "stamps" see that the ladies are liberally patronized.

THE WELDEN HOUSE was, on Monday, closed for the winter. The work of repairs will commence at an early day.

THE ACADEMY.—Mr. Taylor has invited the several schools in the District to be present to-morrow afternoon at the "Wednesday afternoon exercises" of the Academy schools. Undoubtedly there will be an interesting time. None others are invited.

We are informed that the tickets are now being circulated for the afternoon and evening exhibitions to occur at the close of the school on Tuesday next. Tickets 35cts; Reserved seats, 50 cents, gold or one admission only.

SOMETHING NEW for Christmas, at H. L. Samson & Co's. Toys of all kinds. Large stock of confectionery—wholesale and retail. Splendid stock of meerschaum pipes, remember.

You will find at the Lake St. Drug Store a full assortment of fancy goods for the holidays.

CLOTHING, ETC.—It not infrequently happens that some article of wearing apparel makes the most appropriate and acceptable of presents; and therefore it is that we call the attention of our readers in search of Holiday gifts to the clothing stores in our village. Messrs. Wm. N. Smith & Co., who occupy one of the handsomest stores in St. Albans, keep a large and carefully selected stock of ready made clothing and furnishing goods, which is being sold at prices to correspond with the times. The same may be said of Louis Mc. D. Smith, who has possession of the well arranged store North Main Street, where the ready made clothing business was first established in St. Albans to any great extent. Last, but not least, we would mention the firm of Morton & Percy who carry on the business in all its branches on Lake Street.

Strange indeed it would be if the most fastidious cannot find at these places something that would exactly suit the friend whom they desire to remember on Christmas or New Year's Day.

Basket Perfumes, a nice present for the Holidays, at Greene and Nichols, No. 1, Lake St.

A PLEASANT ENTERTAINMENT.—The M. E. Sunday School of Swanton, is to have an Anniversary and Christmas Tree on Christmas Eve. The anniversary will consist of singing by the choir and school, recitations and dialogues, affording an instructive and pleasing entertainment. The admission for adults, 25 cents; children, 10-cents, 15 cents. The avails are for the purpose of replenishing the Sunday School Library.

MERRIFIELD poetically and truthfully tells the readers of the TRANSCRIPT of the numerous articles he has for sale. Read his poetry and then go and see.

Old Santa Claus and nice perfumes at Greene and Nichols, No. 1, Lake St.

OUR HOTELS.—The closing of the Welden House for enlargement does not leave St. Albans without good hotel accommodations. Far from it. The American House kept by Mr. Hiram Pierce, the St. Albans House kept by Messrs. Rice and Olmstead, and the Tremont House, by S. L. Mann afford as ample accommodations for man and beast as most towns of the size of St. Albans have. The St. Albans House was not long since enlarged and can comfortably take care of double the number of guests that it could before. Mr. Joseph Osborn is still the obliging clerk of the St. Albans and performs his duty in the most acceptable manner.

That Pile of Stone, Again!

EDITOR OF THE TRANSCRIPT.—A correspondent in your yesterday's issue very properly asks how much longer that pile of stone is to remain on the west side of the Park. Hundreds of others have asked themselves the same question, and would like to see it removed where it would not be likely to endanger life and limb.

ANOTHER CITIZEN.

The Fire at Rutland.

The Herald has full particulars of the fire in Rutland on Saturday night. About 8 o'clock a fire was discovered in the barn connected with the Union House, but was put out without the aid of the Fire Department. Three hours later the Machine shop whistle announced another fire. Upon examination it was found that two fires were in progress one upon the East and the other upon the West side of Main Street. The fire on the East side of the Street was set in the loft of the second story of the barn owned by Mr. Olmstead. Mr. Harry Adams who occupied the next house north of Mr. Olmstead, and whose barn

stood near that of Mr. Olmstead, lost his barn, and the east part of his dwelling-house.

On the West side of the Street the fire was first discovered in the barn belonging to J. J. Randall, which was consumed as well as the east part of his house. The fire from Mr. Randall's barn communicated with the Town Hall, which was soon enveloped in flames and was entirely consumed. Mrs. Huntton's insurance upon first story and basement is \$4,000. Loss, over insurance, \$2,000. The town of Rutland lost on the remaining story and a-half about \$2,000. Mr. T. S. Gilson had about 75,000 feet of walnut outturn, and white wood lumber, which he had stored in the building Mr. Gilson's loss cannot be less than \$5,000. Mr. Daniel Verder, also, was a considerable loser on goods stored in the basement of the Town Hall.

The firemen, seeing there was no prospect of saving the Town Hall, turned their attention to the building on the west, owned by Mr. George A. Tuttle, and succeeded in preventing the flames communicating to it.

The Herald says of the fire:

No fire among the many which have occurred in our midst has so thoroughly awakened the people to a sense of alarm as the one of Saturday night. The fact, so patent to all, that the incendiary's torch was the cause of this destructive conflagration; also that three fires of the same character should occur the same night, and two of them at the same hour and the fact, from all the circumstances, that it was premeditated, and all belonging to one character, indicates a depravity and hardihood existing in our midst which should no longer be allowed without a determined effort on the part of the officers of the village and town to take such measures as will bring the guilty parties to punishment. There is coming to be a general feeling of insecurity, which ought to arouse some one, somewhere, to vigilant action in the matter. The best fire department and steam fire engines cannot prevent the incendiary's torch, but authorities and the people united can make an effort to put a stop to this crime. Shall an effort be made, or shall we supinely sit idle, or be so engrossed, each one in his own affairs and the accumulation of dollars and cents, as to care nothing for the protection of our lives and property.

Many years ago the writer of this notice and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Kuntz there produced upon many of the invalids who were, like ourselves, seeking health, and upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and determined it the basis of a Tonic and Restorative Medicine. The celebrated Plantation Bitters was thus made known to the world. Being an article of real merit, founded on new principles, and relying wholly upon the vegetable kingdom for its medicinal effects, it worked a rapid revolution in the treatment of physical debility.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

FULTON MARKET.—Just received, a nice lot of Dried Beef, Sugar Cured Hams, Bologna Sausage, Sweet Potatoes, Tomatoes, Peas, Peaches, Water Melons and Musk Melons. dtf-94.

A young lady writing to her mother from Europe says: "Send me a dozen bottles of Barrett's Vegetable Hair Restorer." What I took with me is all gone, and I cannot think of spoiling my hair by using any other." The judgment of all who have used Barrett's will confirm this lady's experience.—Boston Transcript.

Eminent men of science have discovered that electricity and magnetism are developed in the system from the iron in the blood. This accounts for the debility, low spirits and lack of energy a person feels when this vital element becomes reduced. The Peruvian Syrup a protoxide of iron, supplies the blood with its iron element and in the only form in which it is possible for it to enter the circulation.

LATEST, NEW

WASHINGTON, 15.—Latest indications are that Gen. Caleb Cushing's mission will be found to have reference to the pending negotiation with the Government of Columbia, at out concession and rights for a ship canal across the Isthmus Darien, similar to that recently obtained from Nicaragua. All that is positively known of Gen. Cushing's doings before he left agree with this theory, and it is known that our government was expecting advice from the South American on that subject. It is thought some unexpected hitch in the negotiations has induced Secretary Seward to employ Gen. Cushing. A bill is in course of preparation which will be introduced in a few days, prohibiting banks from paying interest on their deposits. It is held that a large amount of money is kept out of circulation, and in many sections of the country the stringency in money affairs is produced by the reason that the banks keep control of all surplus currency by paying a small interest on the sums deposited with them. To prevent this is the object of the present bill.

New York, 15th.

District Attorney Courtney is about to commence proceedings for the condemnation of about \$300,000 worth of valuable shawls which the Collector of the port has just detected secreted in number of clocks on board a vessel from some port in Europe. No further details are made.

Capt. Cannillo, of the Peruvian Navy, with thirty-four other officers, of various grades, left this city yesterday for New Orleans, to take possession of the iron clads recently bought by the Peruvian Government from the United States. It is believed here that these iron clads will be heard from in front of Mero Castle, Havana, before the above officers reach New Orleans.

Cable News.—Cadiz 13th. In consequence of Gen. Roda's proclamation the insurgents surrendered their arms, and turned over to the military authorities. From 7 to 10,000 troops and 9 war vessels were ready to attack the city at noon all is quiet, now over 80,000 persons have left the city, there is great distress among the poor who remain and among those who fled. All foreign consuls and families, except the Swedish and American, have left the city. There are 537 Barricades in Cadiz. Gen. Roda entered Cadiz at 2 o'clock this p.m., with all his troops. The insurgents seem satisfied with the result; their feelings are undoubtedly in favor of a republic. 500 persons were killed and wounded on both sides during the fighting of last week.
